ENVIRONMENT PROCUREMENT POLICY

Document Code: POL-LN-OPS-ENV-0-010-6

Lion, a leading food and beverage company, is committed to protecting the environment and meeting the expectations of its people and all stakeholders. We are committed to minimising the environmental footprint of the goods and services we procure which meet our performance, safety, regulatory, cost and customer/consumer requirements by:

- ✓ **Selecting goods and services with better environmental footprints**
- ✓ **Preferentially purchasing products which can be recycled, reused and contain recycled materials**
- ✓ **Ensuring that the goods and services we manufacture and procure are ethically sourced**
- ✓ **Giving preference to suppliers who**
 - Have in place and follow good farming practices
 - Support carbon and energy reduction programmes across their business
 - Have in place systems and programmes to continuously reduce the consumption of 'finite' resources such as water
 - Have a commitment to product stewardship programs that minimise the impact on the environment
 - Have in place robust environmental management systems compliant with AS/NZS ISO 14001:2004
 - Provide appropriate documentation to support any environmental claims made eg. recycled content, low emissions, energy efficient etc.
 - Are committed to increasing the recycled content of products and materials we purchase
